MAY 2023 – JULY 2023

From Ethnus

### Verzeo - Web Development with IBM

AUGUST 2022 - OCTOBER 2022

From Verzeo

## Accomplishments

### Ranked 1<sup>st</sup> in Senior Vocabulary Bee Competition

NORTH SOUTH FOUNDATION, HYDERABAD

## Projects

### E-Commerce website

MAY 2023 - JULY 2023

GitHub link: <https://github.com/vamshidhar644/nrkids>

Tech Stack: MERN

- Spearheaded the development of a cutting-edge E-commerce shopping website alone using the **MERN stack**, completing the project in just 6 months.
- Optimized the site's architecture through systematic analysis and implementation, resulting in a **30%** reduction in page load times.
- Integrated secure payment gateways seamlessly, ensuring a **99.9%** transaction success rate.
- Optimized the user experience through UI/UX improvements, leading to a **15%** increase in conversion rates and a **20%** reduction in bounce rates for mobile users with responsive design.
- Empowered NRKids Clothing E-commerce with a **99.99%** uptime rate.
- Boosted organic traffic by 40% within 6 months, contributing to increased online visibility for NRKids Clothing E-Commerce.

### Lost and Found

MARCH 2023 - PRESENT

GitHub link:

[https://github.com/vamshidhar644/Lost\\_and\\_FOund](https://github.com/vamshidhar644/Lost_and_FOund)

Tech Stack: MERN

- Developed an intuitive application that streamlined lost and found management for 3500+ university students, resulting in a **40%** reduction in administrative workload.
- Facilitated the reporting of over **1,000+** lost items by students, simplifying the process for both students and university staff.
- Reduced the average resolution time for lost item cases by **30%**, allowing students to retrieve their belongings in just a fraction of the previous time.
- Achieved a **25%** reduction in the number of unclaimed items, contributing to a cleaner and more organized university environment.
- Enacted real-time status updates and notifications within the application, resulting in a **20%** increase in user satisfaction and enhanced communication between students and staff.
- Executed a comprehensive analytics dashboard that yielded insights into lost and found trends, leading to a **15%** decrease in the overall number of lost items reported, highlighting the application's role in diminishing the incidence of lost belongings on campus.
